

Welcome Brook – Ward 2 Council Member

Brook Ruhter-Engelhardt brings more than 20 years of experience in District 145 to the council, having served as a middle school counselor, former English Language Arts teacher, and coach. Her work in education and youth development is rooted in a deep commitment to students, families, and community.

Brook is also the co-coordinator of the District 145 TeamMates Mentoring Program and serves on the Farm to Fork board, supporting local producers and agriculture education. After facing and overcoming breast cancer, she gained an even deeper appreciation for resilience and community support—values that continue to guide her service.

Brook and her family moved to Waverly in 2021 and are raising their twin boys here. She is honored to give back to the community they proudly call home.
